RE: MB Docket 10-56

Dear Chairman and Commissioners:

On behalf of the Boys & Girls Clubs of Greater Dallas, it is my honor to provide you with this letter of support for the proposed Comcast-NBC Universal Joint Venture.

For the past several years, the Boys & Girls Clubs of Greater Dallas has benefited immensely from our relationship with the local Dallas owned and operated stations, NBC5/KXAS-TV and Telemundo/KXTX-TV, and Universal Pictures. These corporate partners have given us broad visibility in the community as it relates to the impact we are making on over 5,000 Club members and family households we serve.

The news stories of our programs targeting teenagers have been very helpful in our recruitment efforts. To a great extent, this media exposure has allowed us to serve more than 1000 teens who participate in programs such as Collegiate STEPS (a college prep program,) the Universal Pictures "Behind the Scenes" Job Shadow Experience, and the TOPPs Graduation Celebration. Our NBC Universal partners have been instrumental in providing special video presentations of events at the Clubs as well as funding and volunteers.

It is also important to note the involvement of Tom Ehlmann, President & General Manager of NBC 5. He serves on the Boys & Girls Clubs of Dallas' Board of Directors and is a vital member of the Program Committee. His leadership has inspired many to be involved with the programs at our Clubs.

As you can see, our relationship with NBC 5, Telemundo and Universal Pictures has been very beneficial. I sincerely believe the proposed Comcast-NBC Universal joint venture will only expand our efforts to positively impact the lives of more youth in the Dallas community.

Respectfully yours,

Charles English

President

Boys & Girls Clubs of Greater Dallas
